

# Measurement Guideline For Window Blinds

If Fitting Inside Recess

This is where the blind is fitted inside the recess  
Measure (W) and (D) providing wall to wall dimensions.  
We will allow the reduction for clearance.

If Fitting Outside Recess

This is where the blind is fitted outside the recess  
Measure (W) and (D) providing the actual dimensions.  
Measure beyond the recess to allow cover.

**If in doubt, Ask!**
